

## Meet Dimitris Gioulis

Email address [dimitris@domainegioulis.gr](mailto:dimitris@domainegioulis.gr)

Phone number +30 697 37 35 402

### **Where are you originally from and where do you live now?**

I am originally from Klimenti of Corinth, the village in which the winery is located but I grow up and live in a nearby seaside town which is called Velo.

### **What is your role within Domaine Gioulis?**

I am the winemaker

### **How did you get into the wine business?**

Domaine Gioulis is our family winery founded by my father George in 1993. Thus, I grow up into the wine business as our winery has been part of my everyday life since I was a child.

### **What got you interested in Organic wine?**

Organic wines are made without pesticides and fertilizers and with reduced levels of sulphites during the winemaking process. The aim of my family since the beginning of the winery has been to produce qualitative wines which are healthier for our customers and better for the environment.

### **What is your favorite wine from the portfolio and why?**

Domaine Gioulis Sofos white. I love the delicate flower aromas of this wine being delivered from the Moschofilero greek grape variety but also its liveliness and freshness on the palate which comes from our high altitude grown Chardonnay.
