Analytical Data: Alc. 11.% by Vol. · Res. Sugar .7 g/lt · Acidity: 5.8 g/lt
 Serve at: 50° F
 UPC: 1-85554 00028-4

Vineyard:

The vineyard is located in the East of Austria, Southeast from Vienna. The area is called Burgenland and is a big low-land plain, containing also a huge National Park closeby. The climate is continental with warm and dry Summers and cold Winters. Rainfall can be quite little. The average is 450mm per year.

Vinification:

Classical rosé production using short maceration to give the optimal rosé coloring. Very reductive, using carbon gas to ensure best color retention.

Terroir:

Sandy-clay soil, textured with gravels formed after a million years old fluvial movements.

Training system:

Normal classical trellising system, allowing optimal sun and air permeation.

Tasting Notes:

Ripe strawberry, lemon and pepper make for a most appetizing nose. The light-bodied palate emphasizes the citrus freshness as well as the spicy berry roundness and comes to a fresh, dry finish.

Wine Enthusiast

Pale silver scarlet color. Mild aromas of berries and pepper with a soft, dry-yet-fruity medium and a tangy cranberry, mineral, and lemon rind finish. A racy, rose with laser-like acidity for the table; pair with salads.
